

SavableItem

```
classDiagram
    Legend --|> SavableItem
```

A UML class diagram showing an inheritance relationship. The 'SavableItem' class is at the top, represented by a white rectangle with a black border. The 'Legend' class is at the bottom, represented by a gray rectangle with a black border. A solid blue arrow points from the 'Legend' class up to the 'SavableItem' class, indicating that 'Legend' inherits from 'SavableItem'.
