

BaseMessageException

```
graph BT; XYPlotException --> BaseMessageException
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box labeled 'BaseMessageException'. Below it is a gray rectangular box labeled 'XYPlotException'. A blue arrow points vertically from the top of the 'XYPlotException' box to the bottom of the 'BaseMessageException' box, indicating that 'XYPlotException' inherits from 'BaseMessageException'.

XYPlotException
